

# Workshop Agenda

15:50 – 16:00	Tim Gallagher	Intro
16:00 – 16:07	Tim Gallagher	Agile Design
16:07 – 16:14	Mike Wirthlin	Rapid Design
16:14 – 16:21	Mir Sayed Ali	HLS for DSP
16:21 – 16:28	Doug Krening	SystemVerilog
16:28 – 16:35	Mike Horn	OVM/UVM
16:35 – 16:42	Doug Johnson	Virtual Proto
16:42 – 16:49	JP Walters	FT Verification
16:49 – 17:09	Panel Session	
17:09 –	Audience Q&A	

# Advanced Electronics Packaging Reliability:

## Is Commercial Better than Mil/Aero?

- Moderator: Ken Label
- Panelists:
  - Doug Sheldon
  - Larry Harzstack
  - Joe Fabula
  - Anthony Lai
  - Timothee Dargnies

# Informal SPA Workshop

- Key Participants:
  - Millay Morgan – AFRL
  - Jacob Christensen – Utah State
- Issues:
  - SPA concept under review by AFRL
    - Determine if progress fast enough
    - Determine if ready for transition from USAF sponsorship
  - General view that community should advance standard independently of government actions (e.g. AIAA)
  - Several examples shown of industrial importance/use
  - Must address ITAR issues
  - Importance of developing compliance and simulation SPA Test Suite (SPATS)
  - Importance of native SPA implementation (no separate interface boxes)
